OUR STORY

Krishna Sizing is started in the year of 1992; To resolve the issue of rounded edge & right angle of Ceramic tiles in its earlier age of revolution which will start in tiles industries for more than 4 decades. It was the manufacturing limitation in tiles industries to rectifying edges in production where Krishna sizing established as a pioneer with a great solution for this issue resolved by machinery line cutting and sizing unit for giving best to society & Tiles industries and been accepted and promoted in tiles market by Tiles company and architects, Builders and Tiles dealers though out India for more than 15 years and above.

Where increasing demands all over, we have started processing unit in Mumbai in January 2000. With the same scale of the process along with computerized engraving work on Stone and tiles which were again Pioneer in this filed, with started this we have been grown as a pioneer company in Cutting sizing of tiles for Indian As well as Italian, Spanish, Chines and some of the other parts of world's company as an authorized and recommended company for their products resize.

TERRAZZO: GRANDEZZA

Grandezza is the largest size of Terrazzo tiles made by Bharat Floorings. Grandezza tiles are available in 30cm x 60cm as well as 2x2 ft. It's recommended to take Terrazzo Grandezza in larger chip sizes - i.e. T2 size and above, for better bonding of the cement. Terrazzo Grandezza has a range of 30 background colours, and a wide variety of chips and chip sizes with which to play.

Terrazzo Grandezza™
(60cm x 30cm) in Dark Blue and Sicilia form a lovely striped pattern at a Villa in Goa.
